OFFICIAL RELEASE – August 25, 2011

Forced Performance Lancer Evolution 4 – 9 Ball Bearing Turbos & Upgrades

With the official release of the ball bearing **FP BLACK™** Turbocharger for the Evolution 4-9, Forced Performance is working to put together a list of pricing and upgrade options for the rest of our Lancer Evolution 4-9 line of stock frame turbochargers. Once New Turbo Production schedules are secured we will announce these prices and options for purchasing new Ball Bearing CHRA to fit into earlier turbochargers. There is no date scheduled for this release at this time.

Thank you,
Forced Performance Staff
